

Operational Loops of COVID-19

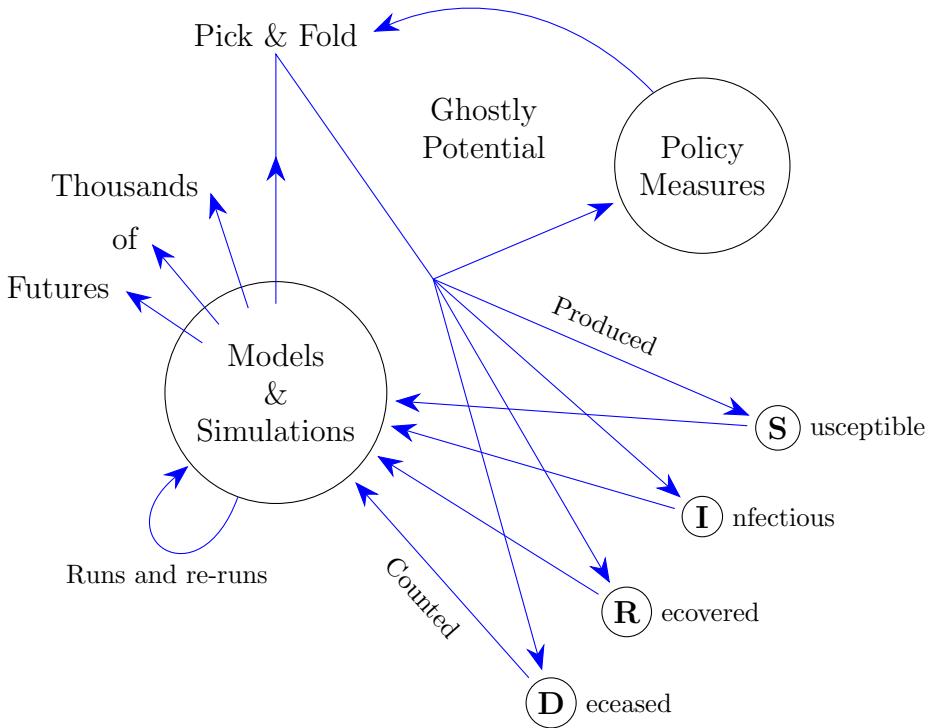

David Benqué
Institute of Diagram Studies

Draft: September 10, 2020

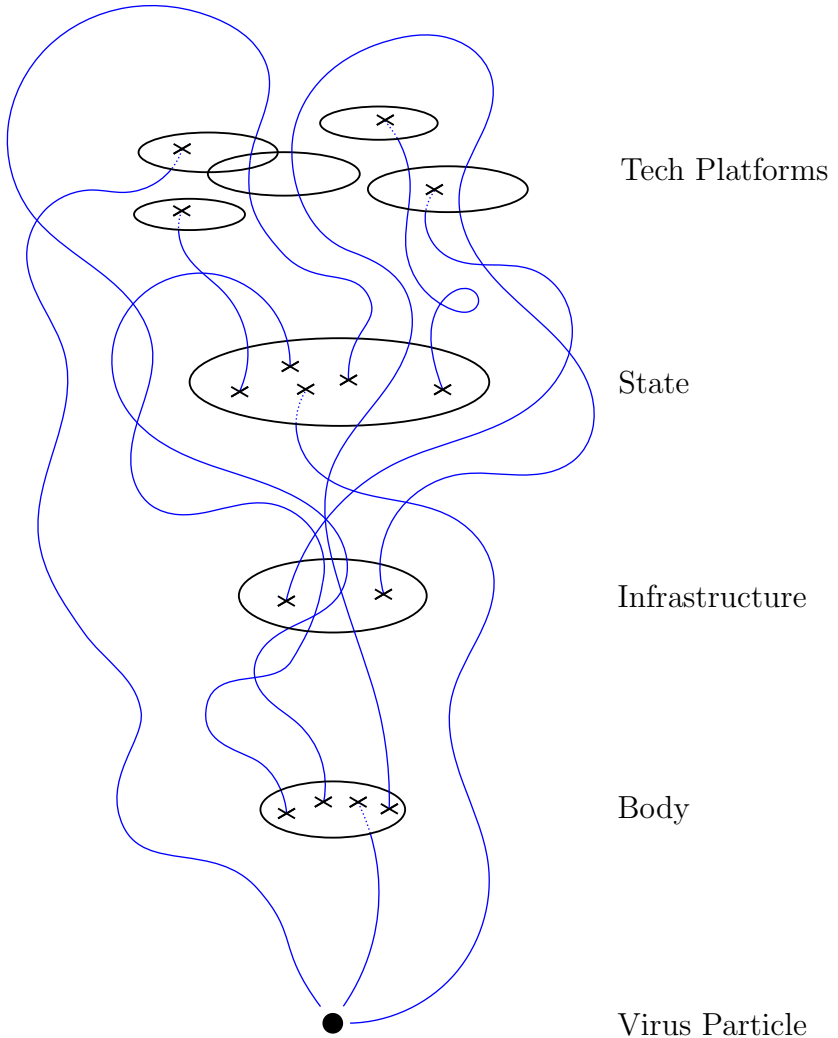

Diagrams for:

Parikka, Jussi, and Tony D. Sampson. Forthcoming.

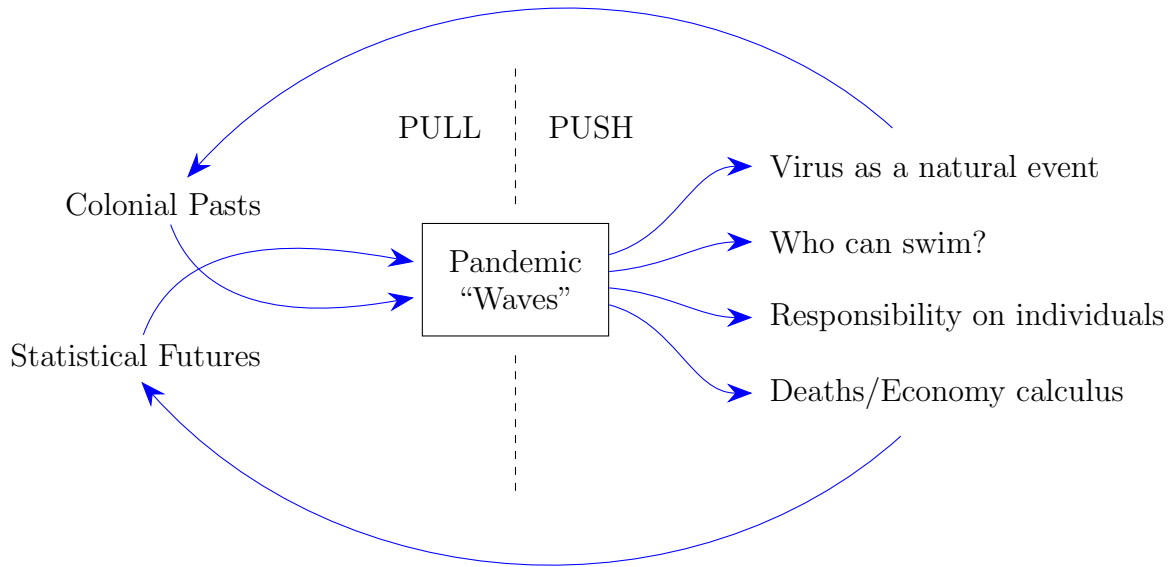

‘The Operational Loops of a Pandemic’. *Cultural Politics*.

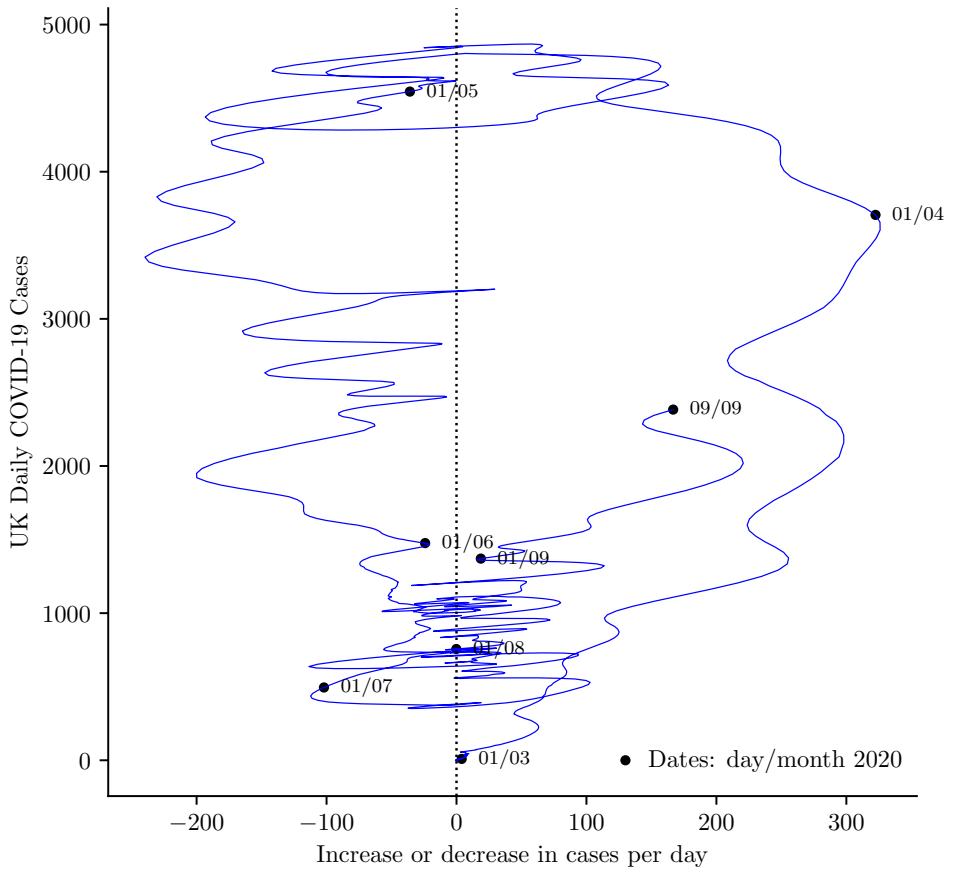

Loop 1: Models as an operational part of pandemic production. Inspired by Dinno (2017) and Chun (2015).

Loop 2: Scalar relations. Inspired by Jaque and Munuera's *Transcalar Architecture of Covid-19* (2020) and its discussion by Mattern (2020).

Loop 3: Propelling mechanism of the pandemic "wave" as an operational image. Inspired by Jones and Helmreich (2020).

Loop 4: ‘Phase portrait diagram’ (Dorling 2020), showing daily number of COVID-19 cases and rate of change in the UK. Data from John Hopkins University, Baltimore, USA, via <https://disease.sh> API (accessed 10 Sept. 2020).
